

2010

LIVESTOCK NUTRITION ROADSHOW

INVITATION

AGSOLUTIONS AUSTRALIA IS PLEASED TO ANNOUNCE THAT MR VINCENT POSADA, ONE OF AUSTRALIA'S FOREMOST EXPERTS IN PRACTICALLY APPLIED ANIMAL NUTRITION AND PASTURE MANAGEMENT WILL BE THE KEYNOTE SPEAKER FOR OUR LIVESTOCK NUTRITION ROADSHOW.

The seminar will cover strategies to improve herd profitability through enhanced techniques in livestock nutritional management.

If you are looking to maximise the potential of your livestock this winter, and want to learn the latest nutrition techniques to help increase profits and improve the sustainability of your herd, book your seat today.

TOPICS WILL INCLUDE:

- 3 key principles to maximise animal performance
- Understanding rumen health and its effect on feed conversion
- How to improve utilisation of dry feed this winter
- Latest techniques in pasture management to get the best results for your livestock
- Reproduction. When is the right time to use supplements to increase conception levels?
- How to get your livestock off to the right start
- Strategies to prepare your dry cows for calving and increase milk production

KEY NOTE SPEAKERS

Mr Vincent Posada [Animal Nutritionist and former university lecturer]

Mr Gary Zerner [Senior Field Advisor, AgSolutions Australia]

**LATEST INNOVATIONS IN FARMING
TECHNOLOGIES TO IMPROVE
PRODUCTIVITY ON YOUR FARM**

INTRODUCING MR VINCENT POSADA

Vincent Posada has 31 years of experience working in livestock nutrition. He has a Bachelor of Science and a Master of Agriculture, specialising in animal nutrition and pasture management. A former university lecturer and now industry consultant, Vincent has been providing advice and training to farmers, graziers, stockfeed manufacturers and agribusinesses in Australia, North America and South East Asia for over two decades.

INTRODUCING MR GARY ZERNER

Gary Zerner, joined AgSolutions Australia as the Senior Field Advisor over 6 years ago, bringing with him a wealth of knowledge and experience gained from the family's fourth generation stud dairy and commercial beef properties. A graduate of University of Queensland - Gatton Agricultural College specialising in agronomy and livestock nutrition, Gary has a deep understanding and practical approach to soil and livestock systems, pasture nutrition, animal health and livestock supplements.

PLACES ARE LIMITED.

DON'T DELAY, BOOK YOUR SEATS TODAY.
